The Honorable William J. Casey  
Director

Dear Mr. Casey:

I am pleased to announce that the Fortieth Annual Federal Safety and Health Conference will be held, in conjunction with the National Safety Congress and Exposition in New Orleans, Louisiana, on October 28-30, 1985. A copy of the preliminary program is enclosed for your information.

The Conference provides an excellent forum to present and exchange information on Federal workers' occupational safety and health programs. It also provides an opportunity to share new program initiatives developed by the Occupational Safety and Health Administration to meet the goals established by President Reagan.

I would appreciate your authorizing your top and mid-level managers, representatives of employee organizations, and other members of your staff who are directly responsible for implementing your department's/agency's safety and health program to attend this year's Conference.

If you have any questions regarding the Conference, please have a member of your staff contact Mr. John E. Plummer, Director, Office of Federal Agency Programs, at 523-9329.

Very truly yours,
